## Revival To Begin At Presbyterian Church February 17th

It is generally known throughout the county that the regular monthly meeting of the Letcher County Board of Education is the first Thursday of each month at 1:00 p.m. (CST). All members are obliged to attend for the purpose of transacting business pertinent to the successful operation of the schools of our county. The board controls and manages all school funds to promote public education in such ways it deems necessary and proper. It should be the policy of each board member to do all in his power to provide services for the welfare of every boy and girl in Letcher County.

At the last meeting of the Letcher County Board of Education, Thursday, February 4, 1954, we only had two members present. The Chairman, Hay Collins and Vice Chairman Kerney Day. These were not enough to transact business legally. The employees of the school board and their creditors will not be paid on time this month as they have been in the past due to the above fact. We only have four members at present since Dr. Adams has been dismissed. The other members did not honor us with their presence. So in order to do business we must have at least three members present for the meeting.

School board members are servants of the school county and should regard their position as a public trust. They are to give freely of their time and energy for the schools and community, and should not expect any favors beyond public appreciation of services unselfishly performed.

It is with deep regret that we cannot pay our employees and creditors until the board members feel of such disposition as to attend, and allow claims due.

The Chairman Ray Collins is calling a special meeting for Monday, February 15, 1954, for the purpose of paying the teachers and other employees.

Yours for better schools, —DAVE L. CRAFT, Superintendent, Letcher County Schools

## Line Fork Road To Be Built

From all indications the road will be built this year. Those present from Whitesburg were James M. Caudill, Robert B. Collins, Charlie Wright, Gordon R. Lewis, J. C. Day and Kirby Fouts.

Burial was in the Fields Cemetery at Day, Ky., with Craft Funeral Home in charge.

## NEON-FLEMING LIONS CLUB

Neon, Kentucky

Feb. 9, 1954.

To: Interested People of Letcher County, Ky.:

You received a letter from the secretary of this club notifying you of the attempt to arouse Letcher County to meet the crisis. We need to employ this county's resources in man-power to the benefit of all.

You know what the state and national government are trying to do to help us. BUT have you done all that is possible for us to do to help ourselves? We are proud of the historic independence and freedom of spirit of the mountaineer. Are we letting history and our ancestors down by sitting idly by for the government to help us?

Come to the called meeting of those interested on Monday, Feb. 15, at 7:30 P. M. We will meet in the assembly room of the Neon-Fleming Consolidated Grade School.

Sincerely,

-SAM QUILLEN.

President.

## Scouts To Observe Boy Scout Week February 7 Thru 13

The nation's 3,300,000 Cub Scouts, Boy Scouts, Explorers and their adult leaders are observing their 44th birthday of the organization during Boy Scout Week, Feb. 7 to 13.

The theme of the observance is "Forward... ON LIBERTY'S TEAM".

Scouts To Observe Boy Scout Week February 7 Thru 13

The Boy Scouts of America is one of the largest volunteer adult education or training groups of the nation," said Dr. Arthur A. Shuck, the Chief Scout Executive. "Almost 3,000,000 of our leaders took training courses in Scouting and leadership techniques last year."

The anniversary is to be observed by 89,000 Units in all parts of the nation, its possessions and also in other parts of the world where American families reside.

A principal activity of Boy Scout week will be paying tribute to the volunteer adult leaders of the 89,000 Units for the contribution they are making to the boyhood of the nation.

"The Boy Scouts of America was incorporated in Washington, D. C., on Feb. 8, 1910, it was founded as the voluntary movement it still remains. Dr. Schuck said there are now 860,000 Scouts

who take time from their own careers to give service in Scouting in order to help their communities do a better job of building citizens."

"Scouting belongs to the community living."

## Paul Vermillion Appointed To Bank Advisory Committee

The Woman's Club of Whitesburg, under the chairmanship of Mrs. Stephen Combs, Jr., will sponsor the 1954 Heart Fund Drive, locally, according to an announcement by Harrison M. Robertson, Louisville, state campaign chairman.

The Kentucky Heart Association's statewide goal for the February 1-28 drive is \$150,000. The funds are used not only for research into the causes and methods of prevention and treatment of heart and blood vessel diseases, but also for public and professional education and for community service programs.

Heart and blood vessel diseases take 771,000 lives yearly in the United States, more than all other causes combined. Robertson pointed out. He explained that the work of the state association includes cooperative sponsorship of five heart clinics, a Chair of Heart Research at the University of Louisville Medical School, weight control classes, free examinations, hospitalization and heart surgery for medically indigent adult patients as well as children in the state, and such educational activities as seminars for doctors, technical instruction for nurses, technical laboratory technicians, and lay education in health services related to heart diseases.

The function of this committee is to sponsor and promote a School of Banking for the senior and junior personnel of banks throughout the state. The purpose of the school conducted annually during the summer at the University of Kentucky, is to provide courses and training which will enable Kentucky bank employees to render better service to their customers and to advance to position of greater responsibility.

**Appeals Court Reverses Verdict**

Frankfort, Ky. The Court of Appeals today reversed the conviction of Eddie Burke on a charge of detaining a female against her will while he was superintendent of a small orphanage and school on Smoot Creek in Letcher County.

Burke had been given a two-year sentence at his trial, transferred to Powell Circuit Court from Letcher County. The complaining witness was a 12-year-old girl.

The indictment charged the offense occurred April 16, 1952. But appellate court said the prosecution, in presenting its case, and the lower court in instructing the jury, had failed to state specifically as required by law what a particular alleged offense was "relied upon for conviction."

**Mother Craft III**

As we go to press we are informed that Mrs. Virgie Craft (Mother Craft) will undergo an operation today at Good Samaritan Hospital in Lexington: Pvt. Jimmie Craft, Fort Knox and Mrs. Bill Blair are in Lexington to be near their mother. Mother Craft has a host of friends who are very anxious about her and wish her a speedy recovery.

American people who have made it possible" he continued. "This is thoroughly in accord with our democratic ideals and the American way of life. As a volunteer movement its doors are open to every boy of every race and religious belief who wants to come in. It is dependent upon men who care enough about boyhood and American institutions to volunteer their time in Scouting."

Boy Scout Week is the largest annual single observance by young citizens. Since 1910 more than 21 million boys and men have been identified with Scouting, and local, state and national leaders share in observing how the program has indeed become an important element in the community living.

Lincoln's philosophy built well for the future and stands us in good stead today—if we but heed him. Listen to his words:

"Prosperity is the fruit of labor; prosperity is desirable; is a positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus by example assuring this his own shall be safe from violence when built."

Lincoln's concept of government rings clear as we recall his memorable pronouncements:

"Four score and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal."

## Jenkins Woman's Civic Club

The Jenkins Woman's Civic Club held its regular meeting Tuesday evening at the Public Library.

After a short business meeting, Miss Elsie Johnson, Chairman of Education and Safety, presented a very fine program.

The Club room was converted into a regular session of the Senate of the Kentucky General Assembly with Mrs. Delma Higgins presiding as Vice Governor, Emerson Beauchamp and Mrs. Flora Mullins as the clerk, Tom Underwood, Margaret Ann Bevins and Ann Bates, were the pages, Margaret Blevins and Mary Eversole, the Sergeants-at-Arms. All other members had been given a ribbon on which was the name of one of the State Senators. Flags, bunting and flowers were used to give the Club Room the atmosphere of the Senate Chamber.

The meeting was called to order, the prayer was given by the Chaplin, Mrs. I. M. McDonough, the roll call was called by the clerk, the pledge of allegiance was given, and Miss Clara Shaw, as Doug Hays, introduced a bill designated as the Minor-Driver Training Bill, explaining that it would require completion of a course in driver-training, while all persons under the age of 21 would be required to take a written examination.

The bill was introduced and passed by the Senate.

Mr. Snapp thanked the club for its interest in the schools and pledged his cooperation in all such projects.

Mr. and Mrs. Van Bates were guests of the Club.

Mr. Snapp became a new member of the Club.

The hostesses, Mrs. R. D. McDonough, Miss Dorsey Walker, Mrs. Ivan Brush, Mrs. Walter Garrett, Mrs. Albert Farley, served delicious refreshments, consisting of Russian Tea, cookies and nuts.

The trays were very attractive with small American flags in keeping with the theme of the program.

Pamphlets "How's Your Driving" and recent issues of the "Kentucky Safety" bulletin were distributed to all present. Posters dealing with safety on the highway had been made by members and placed in various parts of the room and these were later placed in various public places in town.

The Senate adjourned and Miss Johnson presented a long ribbon and expanded it was hung around the Club to the right in the new Driver-Training Class, which was proved to be the most courageous and safe driver" at the end of the course.

## Carcassonne

We wish to congratulate Mr. and Mrs. Tommy Jent for the brand new baby girl which has come into their home.

Elders Beckham Fields, Gardner Jent, and Mr. and Mrs. H. D. Caudill attended the True Indian Bottom Church below Bladecy. The services were good on Saturday. But we have never heard more powerful preaching than that of Sunday by Elders James W. Pratt, Cecil Evans of Dunbarton, W. Va. Tracy Hatfield, Hampden, W. Va., and G. M. Caudill. A large attentive congregation was present.

Elders G. M. Caudill, Wm. Whitaker and Bros. Willie Dixon and Marion Stamper visited Brother Wilson C. Mullins at Oven Fork Sunday afternoon and took to him a nice contribution which was donated for his benefit by those present at the Indian Bottom Church.

Mr. Garris Eldridge went to his new job this morning. He will skill logs for the Band Mill on Leatherwood.

Mr. and Mrs. Johnny Jeant have moved to their new home on Breedings Creek.

Mr. and Mrs. Floyd Hall visited with Mr. and Mrs. H. D. Caudill Sunday afternoon.

Gordon Caudill from Euclid, Ky., has been visiting with his relatives and friends, but he is now a very sick man at the home of his son-in-law, Mr. and Mrs. Kirby Whitaker on Leatherwood.

We are still waiting for the gravel to be put onto our road.

It certainly does need it. A letter from James Caudill, our County Judge says that this gravel will be put on as soon as their road machinery is repaired.

### SOIL CONSERVATION

(by John Jordan)

Several people in Letcher County are going to try the new chemicals Ammate and 245-T this spring. These chemicals aren't poisonous to anything but worthless cul trees such as beech, gum and others.

George Isaacs of Deane, Ky., says the tile line of George Isaacs really works. It ran half full during the last rains."

We received 10 tree planting bars yesterday. Anyone wanting to purchase one can do so for \$13.00. This bar makes tree planting fast and easier. Jess Holbrook at Millstone (Holbrook's Store) bought one to plant his 2000 pines. Eight of these tree planters were bought by people in the county last year.

Our sericea lespedeza will arrive soon. We are getting 300 lbs. at 50¢ a lb. and lucky.

All multiflora rose and buccal lespedeza, wild life and stock fence plants will be delivered next Tuesday, Feb. 16th. Everyone who has rose fence ordered ready to receive it. All orders for trees should be in soon in order to guarantee delivery to the pur-

chaser.

**CHURCH OF YOUR CHOICE**

by K. G. Fraley

To him therefore that knoweth to do good and doeth it not, to him it is sin. We are speaking today on prayer and do trust many will hear and believe because it is impossible to please God without faith. To pray to Him as we know most ought always to pray. And has been said prayer is want to be made. Prayer is asking God for his will to be done, therefore God asks us to ask and it shall be done; if we ask in faith, therefore faith is put in action, by our asking we shall obtain. For whatsoever is begotten of God overcometh the world, if we are not, the overcomer we are not of God, for God through Jesus Christ overcame the world, but even as we have been approved of God to be intrusted with the gospel, so we speak not as pleasing men, but God who proveth our hearts and is witness that Jesus is the Christ. If anyone follow him in service you do his will, then it is His will that we pray always at least most of the time, if we are in the spirit as He is in the spirit we have that fellowship with Christ. If we say anything in his name and it's His will He will do it. Then may we ask for prayer for the prayer of Faith shall save him that is sick, and the Lord shall raise him up, and if He have committed sins, if shall be forgiven Him.

We also know if we confess our sins He will forgive our sins and cleanse us from all unrighteousness. The prayer of a righteous man availeth much. We have many that are sick in our community that we need to pray for, and how can we pray for them when we need prayer ourselves. Before prayer can be answered we must be clean ourselves and without sin. That's why our prayers are not answered these days. Sin is in the camp. He says for us to lift up holy hands and without doubting. So you know we have to be Holy, to ask for healing if we are holy we are of God, if we are not holy we are not of God, for He says, "be ye Holy even as I am Holy," and holiness without no man can see God.

Christ wouldn't ask us to be Holy if it wasn't possible. It is our fault if we are not Holy. Surely no one would say His Blood isn't sufficient to cleanse us, and make us holy, for all things are possible with God, and He wants us to have the best. So it is His will to give us of his kingdom, and all the gifts that we desire and why I think we don't have healing, because we don't have faith and we have sins unconfessed, why I say this is because we don't pray enough, our prayers are divided, as we don't use our prayers and our faith as we should, because we are asked to come together and pray for one another, and this is not being done, why I think so is because I have never been asked to come together for prayer, the prayer for faith, to contend for or to work under God always definite. Now when it is not His will as I have already said it is His will to give us of his kingdom. He is pleased to have us call upon Him, we seemingly ask amiss, so he answers likewise just as we expect.

Can we truly pray these days as we should? God does not have any objections, for again He has said "if two of us shall agree on earth as touching anything that we ask it shall be done. I bring no reproof on any one by saying what I have for the truth will bear me out. Why so I say we need to pray because I need you to pray for me, then is it right that I ask for help in prayer together that we may have even better things of God. Now I think this is right that we confess our needs, and that we pray for one another, that we may be a workman that needeth not be ashamed. For us all God has meant prayer to bring things to pass for the asking we can see many people saved and our sick healed. Don't forget to pray."

**Sunday School Lesson**

International Uniform Series

—  
By Rev. C. A. Lingle, Jr.  
February 14, 1954

**LESSON VERSES:** John 7:8. (To be read and studied in your Bibles.)

**PRINTED SCRIPTURE:** John 7:37-44, 8:12-19.

In the Fall of the year the Jews still celebrate the Feast Of The Tabernacles. It commemorates the days when the children of Israel were living in tents, having no permanent homes. It was in this season that Jesus spoke the discourses that are the foundation for the lesson today.

A part of this celebration consists of a commemoration of the days when God provided water for the children of Israel in the wilderness. It was water to satisfy a physical need and Jesus is here using that craving for water to illustrate the deep yearning of the human spirit for spiritual satisfaction. Jesus alone can satisfy that kind of need, he alone is the answer to the longings of the human heart. Of course this kind of doctrine caused great divisions among the people who were present. Some recognized Him as the Christ, others insisted that nothing good could come out of Galilee. The chief priests and Pharisees sent soldiers to arrest Him, but they were so overcome by his words that they refused to make the arrest.

In the passage of Scripture taken from chapter eight we see the same teaching that Jesus has been presenting throughout the Gospel by the same illustration by the figure of light. Jesus is the Light of the World. We can understand the world only as we understand Him. We can see our relationship to God only as we understand our relationship to Him. He is the complete revelation of God and without him mankind is doomed to be always lost, fighting its way through darkness and hopelessness. With Jesus things become clear, their meaning meets the eye, and with the light that can come only through Him, men become men and his promises become a bright reality.

With this thought in mind, we heartily endorse the aims and the work of the Scouts. They, truly, are the Foundation of "Americanism".

## The SEVENTH Scout Law Is:

**"A Scout Is

OBEDIENCE is one of the greatest characteristics of Scout work. It teaches boys to obey their parents, their instructors at school, and the laws of our country. It teaches them respect for religion and older, more experienced persons. And it brings out the best in the boy.

This Company heartily endorses the work of the Boy Scouts and subscribes to their aims and their efforts. We are proud that their record has been so splendid.

## The TENTH Scout Law Is:

**"A Scout Is  
Brave"**

To be brave, to have full control of your faculties under all circumstances and have the courage to do the right thing at the right time. Scouts are trained to have these qualities and therefore, dependable at all times.

We are pleased to place our endorsement on the work of the Boy Scouts in this section. Their organization is the American Way of youth's contribution to the nation through voluntary service. Its character-building ideals, practical and workable, have our unqualified support.

## The ELEVENTH Scout Law Is:

**"A Scout Is  
Clean"**

"Cleanliness is next to Godliness!" The sense of this proverb has been incorporated into the laws of the Scouts. In order to command respect of other Scouts, officials and the public, a Scout must keep himself neat and clean.

Those of us who are not Scouts may pattern our conduct after the precept of Scout law. Especially is this true in respect to our personal appearance.

## The TWELFTH Scout Law Is:

**"A Scout Is  
Reverent"**

To be reverent, one must respect, honor or have a sense of preference for a person, an institution, religion, theory or government. Scouts are taught to have a profound reverence for their parents, religious doctrines and their government.

In our relationship with the public we must maintain the deepest respect for the wishes of those whom we serve. To us, the Twelfth Scout Law is a tenet that must be maintained at all times in our business policy.

## Homemakers Corner

—by Roberta Halcomb—  
HOME AGENT

The Farm and Home Convention held at the University of Kentucky last week was one of the best I've attended.

It would take four days to tell of the entire convention, but here are a few notes from one of the very interesting speakers, Miss Celeste Carlyle.

Miss Carlyle said to be more appreciated in the home and by others a woman should make herself interesting, capable, and attractive.

She should dress as carefully each morning before breakfast as she would if she were going out.

Of course appropriate clothes are important too, and one should not overdress for the occasion. A neat, clean, smartly cut cotton dress worn at supper time is so much better than the rough soiled one worn in the garden during the day, and would make you and your family feel better.

Here's the schedule:

The Whitesburg Junior Club meets Monday, February 15 at 7:00 p.m. with Mrs. Pauline Creech. On Tuesday, February 16, the Tom Biggs Club will meet at the school house at 3:30 (EST). The training school will be Wednesday, February 17.

Recipe of the week. It isn't often we have a recipe for a dessert, but here is one that should be very good, and it really fits the season.

**CHERRY-PECAN TARTS**  
6 3 inch tart shells  
1 pt frozen or canned sour cherries

1/2 c sugar  
1/8 t salt

1 T corn starch

1/2 t cinnamon

2 T light cream

1/2 oz. dark cream cheese

1/4 c toasted pecan halves

Bake six piecrust tart shells in muffin pans. Put cherries in sauceman to heat. Combine sugar, salt, cornstarch and cinnamon. Sprinkle over cherries and stir and cook until thickened, (about two minutes), let cool. Combine cream cheese and cream, beating until smooth. Just before serving, spoon cherry mixture into tart shells. Top with cream cheese and add nuts for decoration.

**MENU:** Smothered chicken, baked potatoes in half shell, buttered carrots, cabbage, pineapple salad, portobello rolls, butter and cherry-pecan tarts.

Our hostess served a delicious luncheon, consisting of home baked pie, sandwiches and hot coffee.

Next meeting will be at the home baked pie, sandwiches, March 1st, 10:00 a.m.

To make the ladies hungrier they set a quilt in the frame before eating. The quilt meeting was called to order by the president Mrs. A. B. Francis. The thought was given by Mrs. Virgil Blair. The club voted a donation to the March of Dimes. The quilt was given to a family who lost their possessions by fire.

We were happy to welcome back Mrs. R. K. Hall who has been absent on account of illness. Mrs. Ada Yontz was a welcome guest. Especially do we greet our new members, Mrs. Paul Bashawres, Mrs. Ercell Berry and Mrs. George Adams, and Mrs. Annie Stumbo.

it is said that his habits were so regular that folks along the road set their clocks by his daily travels.

Dr. Peter founded the Kentucky School of Medicine in 1850. In 1854 he founded the State Geological Survey. From 1866 until his retirement 21 years later, this remarkable man was a professor in the Agricultural and Mechanical College (now U. K.). His avocates included the study of electricity, geology, mineralogy, zoology, botany, agriculture and medicine. He often remarked that he wanted "to wear out rather than rust out" and he did.

So this year Founders Day will be a time for remembering. Two men whose shadows have lengthened over a span of a hundred years or more—Dr. Robert Peter and his most distinguished student, Dr. Thomas Hunt Morgan—are to be honored them.

Born in Cornwall, England, in 1805, Robert Peter came to America at the age of 12. After a short stay in Scotland the family moved on to Pittsburgh where Robert got a job with a wholesale dry goods firm. It was there that he acquired the passion for chemistry which was to give direction to his life in later years. At 23 he entered Rensselaer Institute Scientific School and after attending only one session he was given the title of Lecturer on Natural Sciences.

The young scientist became a professor of chemistry at Transylvania in 1833, and in the same year the terrible cholera plague struck Lexington. Professor Peter thereupon took up the practice of medicine. When the epidemic was over he was made a professor in Transylvania's medical department, of which he later became dean.

Meanwhile, Dr. Peter had married and became the father of five daughters and six sons. Always the teacher, Dr. Peter liked to roam the woods and fields with his offspring, making frequent excursions to learn about the wonders of nature. Dr. Peter rode a white horse to work from his home eight miles north of Lexington and

was often temporarily co-opted, gether with gentle relatives—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Senna Laxative. The secret in Senna Laxative is *the best part of the fresh natural leaves* of the Senna plant.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, safe relief. It contains senna extract for every member of the family. Help you get "on schedule" without repeated doses. Even removes stomach worms. Contains the best part of the Senna leaves.

## PICKED UP IN PASSING

James Taylor Adams

### A PIG TALE—

Patton Kilgore, seven-eight, just peart as a boy, stubbed along the road in front of my mouse on August 18, 1941.

"Seed anything of a little black and white spotted shoot past by here?" he called over to where I was putting about my garden. "Bought it from Bytown Edenton yesterday. Had it in a pen and hit come over the top and got away awhile ago."

"You can't never tell what a hog might do. Say they ain't got no sense; but they aren't near as foolish as they look. Hogs fool you. Yes, sir, they will. One thing about it, though if hit don't go back to Big Tom's hill come back and lay down by the pen tonight. I've known on hogs being bought and taken ten miles and they'd get out and make their way back home. But if they get bothered, and can't find their way back where they come from, they'll go right back where you had them and lay down there when night comes."

"Know one time when a fellow got a pig from another fellow and took it home. Put hit in the pen. Long in the evening hit broke out. He looked around, where for it. Just give up. The next morning there hit laid screeched up against the side of the pen, just as close as hit could get."

"But the funniest thing I ever heard was about a pig just three days old that a fellow gave to his neighbor, over in Scott County. He lived on one side of Clinch and the fellow that he give it to lived on the other. He brought it across the river in a box. Clinch is big there; three, four hundred yards across."

"The old sow had died was the reason the fellow gave the little pig away. The fellow that got it was going to feed hit on a bottle.

"Well, the fellow made him a little box and put the pig in it. But lo and behold! The next morning hit was gone. Hit had worked its way out of that box somehow. The fellow looked round for it.

"Then he give it up. Decided something had catch it. So he thought he'd go back over and see if the fellow would give him another. Known he had several more in the litter.

"What do you know? When he got over to the other fellow's place there laid his pig, hunkered up with the rest of the litter. Hit had swum Clinch River and hit just three days old. But, I've always heard tell, you can't drown a hog or a honeybee. And, they say, you can't pizen a hog, either; lessen you give them a certain part of a buckeye, and they won't eat that. So you see, hogs do have sense, after all."

## Jackets Defeat Carr Creek Indians

Combining a fast first half with a conservation second half and a good rebounding game the Whitesburg Yellowjackets scalped the Carr Creek Indians to the tune of 64-51.

The Jackets showed plenty of scrap and rebounding strength in subduing one of the region's top teams. This victory was sweet revenge since the Indians had beaten the Jackets by a margin of one point in the opening game about three weeks ago.

The decisive win labeled the local team as one of the threats of the 14th region, since Carr Creek has beaten Hindman twice and Hindman in turn defeated Combs Memorial.

After a lay off with a lame ankle Buddy Fields rebounded to tally 19 points along with a good floor game. James Crase tossed in 16 points and his rebounding strength, under the boards was great. Others scorers were Kincer with 11, while Holbrook and Logan each notched seven.

Leading the scoring parade for Carr Creek was Couch with 17, while teammate Ambridge hit 13.

In the preliminary game the Jacket B team defeated the Carr Creek B team 40-29 to run their season's record to 13-2.

Friday night the Yellow Jackets journey to Hazard for a return engagement with the Bulldogs for another tough assignment. We're with you boys so don't stop now.

Those attending the meeting were: Herman Brush, Hewey Smith, Freddy Adkins, Tony Day and Lovell Williams.

Smith and Williams received wings others will receive their wings at the next meeting.

## Notice To Truckers

"Basketball is an intense game, one in which the fans are sitting so close to the action that they can see everything. It is a game, in contrast to football, which they understand. They will give vent to their feelings. If it behoves the school and coach to see that these feelings are

handled, let them do so."
